## Pest Control Association of India (PCAI)

PCAI was established in 1998. One of its principal purposes was to expand the knowledge base and strengthen the operational skills of its members. To achieve this, PCAI has convened numerous seminars, conferences and workshops over the years, related to various aspects of pest control.

These initiatives have proved highly useful for members to remain updated with the latest technical developments, chemicals, procedures, equipment and other aspects crucial to successful performance and business growth. It has paved the way for our members to be on par with similar businesses at the global level.
